Planning Department,

We are seeking approval to shelter and screen in the deck on the back of our house, for which deck we sought and were granted a Variance in 2000. The Variance was required then and is now because the deck encroaches about 18" into the side yard setback on the southerly border of the property. (The pre-existing house structure encroaches more than 4 ft. Into the setback).

Sincerely yours,

A handwritten signature in cursive script that reads "Andrew J. Lukasik". The signature is written in dark ink and is positioned above the printed name.
